| Elements of a Short Story:          | Name:    |                      | Date: |  |
|-------------------------------------|----------|----------------------|-------|--|
|                                     |          |                      |       |  |
| A. Define what the following is and | means:(l | Definition and examp | oles) |  |
| a.Protagonist:                      |          |                      |       |  |
|                                     |          |                      |       |  |
|                                     |          |                      |       |  |
| b. Antagonist:                      |          |                      |       |  |
|                                     |          |                      |       |  |
| c.Setting(of a story):              |          |                      |       |  |
|                                     |          |                      |       |  |
|                                     |          |                      |       |  |
| d.Characterization:Foreshadowing:   |          |                      |       |  |
|                                     |          |                      |       |  |
| e.Plot(of a story):                 |          |                      |       |  |
|                                     |          |                      |       |  |
|                                     |          |                      |       |  |
| f. Theme:                           |          |                      |       |  |
|                                     |          |                      |       |  |
| g.Point of View:                    |          |                      |       |  |
| g c c                               |          |                      |       |  |

## **Elements of Plot**

| ients of Plot                                |
|--|
| i) Exposition:                               |
| ii) Conflict:                                |
| ii) Rising Action:                           |
| iii) Climax:                                 |
| iv) Falling Action:                          |
| v) Resolution:                               |
