Shopping Spree Assignment 1   Name: Date:

You are shopping via walmart.ca, costco.ca, etc and have a $1,000 shopping spree where you must spend as close to $1,000 to purchase at least 10 individually different items. In order to complete this properly you must follow the following rules.

a) First item is 5 % off.
b) Second item is 10 % off.
c) Third item is 15 % off
d) Fourth item is 20 % off.
e) Fifth item is 25 % off.
f) Sixth item is 30 % off.
g) Seventh item is 35 % off.
h) Eighth item is 40 % off.
i) Your ninth and tenth items are both 50 % off.

Sales tax is 12 % on all items. Do not forget to round prices to 100ths place since this is money.

Item Number	Item Description	Regular Price	Sale Price after discount
	(example) Nike Running Shoes	$ 96.99 X 0.95 (5 % off)	$ 92.1405 = $ 92.14
	(example) Spalding Tennis Racket	$ 174.00 X 0.90 (10 % off)	200 X .90 = $ 156.60
